To whom it may concern:

I am most pleased to write a reference for Juan Banales. Juan was a good CNA student. His instructors were most impressed with her compassionate care of patients assigned to him. He was responsible, intelligent and got along well with others in class.

I have known Juan since she was admitted in the CNA program at Professional Medical Careers Institute in September. He was always cheerful and dependable and demonstrates a positive attitude. He received his training at Thousand Oaks Healthcare, Westlake Healthcare and Oak View University Villas. He completed about 110 hours of clinical and 80 hours of theory.

I am sure that whoever hires Juan as a certified nursing assistant will find him a good worker as well as a pleasant person who gets along well with everyone. Juan has the ability to work well with others and always showed respect to his classmates. .

If you desire any additional information regarding this nursing student and new CNA please contact me at my office 805-497-4064. Juan has also passed the requirements for acceptance into our Vocational Nursing program.

Sincerely,
